

Pathways For NDIA Digital Partner API Access

Direct Integration

Direct integration is for registered Providers, Plan Managers and Software Developers who are using their own internal systems to connect with NDIA API's.

The process for direct integration is as follows:

1. Download and complete the Digital Provider questionnaire
 - [NDIA Digital Providers Questionnaire \(DOCX 110KB\)](#)
 - [NDIA Digital Providers Questionnaire \(PDF 223KB\)](#)
2. Provide cyber clearance framework
 - [Cyber Clearance Document \(DOCX 64KB\)](#)
 - [Cyber Clearance Document \(PDF 196KB\)](#)
3. Complete a current ASIC company extract, this can be purchased for \$17 on the [ASIC website](#) . The date on the Current Company Extract should be within four weeks of the date you post these documents to NDIA.

The current company extract gives us the registered Director/s and Secretaries.

We use this to confirm the signing authorities on the terms and conditions.

If the terms and conditions are being signed under a Power of Attorney, or alternative signing authority, please send a copy of the supporting signing evidence.

Email the completed Questionnaire, cyber clearance documentation and Current Company Extract to DPO@ndis.gov.au.

Download a copy of our Terms and Conditions to sign. Supply the correct contact details based on your ASIC Extract.

- [NDIA API Terms and Conditions \(DOCX 39.3KB\)](#)

Please email the signed Terms and Conditions to DPO@ndis.gov.au and send a hard copy to:

Attention: Digital Partnership Office
National Disability Insurance Agency
GPO Box 700
Canberra ACT 2601

The DPO will review your application and let you know the outcome

If your application is successful, we will send you a technical pack with:

- Onboarding guide
- NDIA Provider Digital Access (PRODA) step-by-step guide API connect
- PRODA B2B software developers guide.

Register for a PRODA test account by following the instructions in the technical pack.

Activate your account in the vendor developer portal using the link that will be emailed to you.

You can then view the API specifications in the vendor developer portal.

Indirect integration

Indirect integration is for registered providers who would like to connect with our API's using a software developer (Aggregator).

This means that the API's will be access via the aggregator's digital platform.

The process for indirect integration is as follows:

1. Connect with an Aggregator who is an existing Digital Partner
2. Aggregator submits application to DPO

Application must provide the following information:

- Registered Provider Organisation details (ABN, Provider number, address, email, telephone)
- A primary contact
- Data residency information (stored within Australia)
- Signed declaration with signatures from the Registered Provider and Aggregator

The DPO will complete a technical review and provide the outcome of application to the Aggregator.

For additional information, please contact dpo@ndis.gov.au
